

SAFFRON PUBLIC SCHOOL

A few words about education.....

- 1. A teacher is more like a gardener, tending, nurturing and providing the right environment for the flower (Child) to blossom.**
- 2. What we need are the 'Educators' and not the conventional teachers, making educational experience a pleasure and enriching one.**
- 3. The aim of 'Education' is to manifest divinity in mankind.**

-Swami Vivekananda

If children live with criticism, they learn to condemn

If children live with ridicule, they learn to be shy

If children live with shame, they learn to feel guilty

But

If children live with tolerance, they learn to be patient

If children live with encouragement, they learn to be confident

If children live with praise, they learn to be appreciative

If children live with approval, they learn to like themselves
